# Why an Interview?

**Prepare an answer for “Describe yourself”**

# GETTING STARTED WITH YOUR TECHNICAL SKILLS

# PROJECTS

Take a note of the following:

- ▷ Programming Languages
- ▷ Libraries
- ▷ Framework

# PROJECTS (contd.)

When discussing a project, consider the following:

- ▷ Impact of your work
- ▷ Things you learnt
- ▷ Features implemented
- ▷ Features that you plan to add in future
- ▷ Scalability
- ▷ How can you earn revenue?

# PREPARING FOR THE WOMEN IN TECHNOLOGY SECTION

# Understand the Objective

A group of female undergraduate and graduate students will be chosen from the applicant pool, and scholarships will be awarded based on the strength of each candidate's **impact on diversity, demonstrated leadership and academic background.**

Be Honest!

Talk about women who inspire you!

Figure out what “being a woman in tech” means to you.

# QUESTIONS

- ▷ My one biggest achievement.
- ▷ How do I plan to use resources of a large organisation like Google to encourage more women in technology?
- ▷ Discuss one major challenge you have faced.

**Tip: Talk about unconscious bias**

*Don't make the scholarship your objective. Learn, improve- things will get right eventually.*

# GENERAL TODOs

- ▷ Keep your phone charged.
- ▷ Sit near an area with good connectivity.
- ▷ Take your time before answering any question.
- ▷ Don't get nervous or panic! Trust your instincts.
- ▷ Sound confident while you answer.
- ▷ Prepare a question for the interviewer.

Thanks!
